# Experience hearing success

We have been innovating for over 50 years, to help hearing healthcare professionals provide you with a great hearing experience.

- We put our focus on sound quality so that what you hear sounds clear and natural right from the start
- We make our hearing aids so light and comfortable to wear you barely notice them
- We offer a choice between behind-the-ear styles that look great but are still discreet

Ask how you can try Moxi™ hearing aids at home before you buy.

## Get back in the conversation

When you are strolling down a busy street the background noise is different than when you are out at a restaurant. Moxi hearing aids deal with unique types of background noise, so you can enjoy conversations without struggling to hear.

We believe a warranty is a warranty no matter where you are. With offices in 65 countries around the globe, our hearing aids can travel worry free.

# Find the right hearing aids

Whether you spend your time at large family gatherings or intimate dinners for two, socializing with friends or watching TV at home, the chart below can help you find a Moxi hearing aid to match your lifestyle.

### Compare technology levels

**Pro** – Hearing aids have everything you need to hear your best everywhere you go. They automatically focus on conversations from any direction.

**800** – Hearing aids work together to let you hear conversations in tough listening situations.

**700** – Hearing aids automatically know the difference between background noises, helping you focus on conversations.

**600** – Hearing aids work automatically to let you hear your best in two unique listening situations.

**500** – You manually change programs to meet your needs as you move between different listening situations.

	Quiet conversations	TV	Children's voices	Phone	Car	Games	Activities	Shopping	Restaurants	Meetings	Social events	Worship	Music	Entertainment	Focus on conversations anywhere
